

# Playing a match of Duel Duo, then refreshing the page

in list [Test Case](#) 

## Description [Edit](#)

**This test will verify that all intentional features work properly**

**Steps**

- 1. Navigate to <http://localhost:3000/> on local environment while files are live
- 2. Click on See All Bots
- 3. Click on Draw
- 4. Click on Two of the drawn Bots
- 5. Click on Duel, await results
- 6. Repeat steps 3-6 enough times to Win and Lose
- 7. Refresh page

**Test Post-conditions**

- The win/losses should be reset to 0
- No Bots should be displayed
